HEAR Reports from Student Board Representatives

Students Mackenzie Rivera and Tracey Zuniga from Hoover High School thanked Trustee Claudia Cazares for attending their ASB meeting and sharing the students’ same values and goals for their region. The students voiced their support for agenda item A-4 and heard from district staff about LCAP community meetings and the need for student input. They shared some recent happenings from Hoover including that Mrs. Danielle Dickie was named “Teacher of the Week,” Hoover’s homecoming had the theme “Hoover Supports Las Vegas” where students decided to write letters to first responders who helped victims. The students also wrapped up a successful Breast Cancer Awareness Football Game at Sunnyside High School and are preparing for the school’s first-ever “Patechella” which is Hoover’s version of the music festival “Coachella.” Also, students from Tioga Middle School shared with the board the activities they participate in at school, why they love Tioga and their career goals.

HEAR Report from Superintendent

- Highlighted Red Ribbon Week with special activities at schools all across the district. Students at Webster wore pajamas to school as they followed their dreams and said no to drugs while Pyle elementary students teamed up against drugs by wearing their favorite team jerseys and super hero shirts. Thanked teachers, counselors, staff and campus culture directors for creating lessons and activities for our students to learn and make good choices.

- Shared the first stakeholder community forum that was held on the district’s work and efforts around Positive Behavior Intervention & Supports (PBIS), Social Emotional Learning and Restorative Practices. The guidelines not only address misbehaviors, but pair consequences with interventions that restore relationships and teach students the skills to address the underlying behavioral issues. Staff will participate in additional professional learning around this work as the district conducts a soft launch at five initial sites, with a district-wide launch in 2018/19.

- Applauded the district’s work to serve immigrant families which was honored by the U.S. Citizenship and Immigration Services. USCIS notified Fresno Unified that it had been
awarded a $250,000 Citizenship and Assimilation grant to support the Dream Resource Center efforts. This grant was given to only two school districts in the country, Fresno Unified and Miami Dade County, recognizing the work the districts are doing to support immigrants transition into the United States. Also, the district was presented with the Innovation in Immigration Integration Award at the 2017 Central Valley Immigration Integration Collaborative (CVIIC) Conference held at Picadilly Inn. Locally, CVIIC is a network of partner organizations to assist local immigrant families impacted by immigration policies. Fresno Unified is committed to supporting our DACA students, families and staff. The Dream Resource Center would not be possible without the support from our Board of Trustees and all of our community partners.

On a motion by Member Davis, seconded by Member De La Cerda, the consent agenda, exclusive of agenda item: A-4, A-5, A-6, A-9, and A-11 which were pulled for further discussion, was approved on a roll call vote of 9-0-0-0 as follows: AYES: Student Board Members Riar and Rivera. Prior to the vote Board President Ashjian read the following statement:
“Mark Wilson Construction, Inc., is one of the bidders for Bid Number 18-02 identified in Item A-4. I have been a subcontractor for Mark Wilson Construction on projects not involving Fresno Unified. I began providing services to Mark Wilson Construction more
than five years prior to my election to this Board. I did not participate in making this contract. Therefore, I have a remote interest in this contract and I am abstaining from this vote pursuant to the Board Bylaw 9270.”

For the record, there were no comments/questions regarding this item. Member De La Cerda moved for approval, seconded by Member Davis, which carried a 6-0-1-0 vote. AYES: Board Members: Cazares, Davis, De La Cerda, Johnson, Jonasson Rosas, and Mills. ABSTENIONS: Board President Ashjian.

A-5, APPROVE Project to Improve High School Weight/Fitness Rooms, and Authorize Utilization of Individual Piggyback Contracts in 2017/18

APPROVED as recommended, a project to provide new/replacement weight and fitness equipment for Bullard, Duncan, Edison, Fresno, Hoover, McLane, Roosevelt and Sunnyside; and future facility improvements for Edison, Fresno, McLane and Sunnyside. The project will replace 15+ year old equipment with equipment that is gender neutral and supports PE, athletics and special education. Information on proposed projects for each school is included in the Board binders. Also recommended are future improvements at Edison, Fresno, McLane and Sunnyside to reduce inequity in the overall space dedicated to weight, fitness, dance and wrestling facilities. Improvements at Edison, Fresno and McLane can be included in the Measure X gym projects in the high school master plans approved by the Board on September 28, 2016. For Sunnyside, a facility in the open area between the tennis courts and north academic building is also in the approved site master plan for Measure X funding. For equipment purchases, approval to utilize piggyback contracts (in the Board binders) is recommended.

For the record, there were comments/questions regarding the fact that the Edison High School region historically has been left to the future when it comes to facility updates/improvements, this item has come to the board prematurely, would like to see timelines for the fitness room and timelines for the weight rooms, concerns over the additional staff requirements with the suggested improvements, who would manage the equipment, inequalities of investment to each of the regions, being equal is not equity, concerns that even though there is a need to improve our weight/fitness rooms is it the best use of our money when there are so many other needs, there are several goals of the district and athletics is one of them, promises are made but are those promises kept, clarification that some of the schools would need to be expanded to become equitable, will the equipment be purchased in bulk, clarity on what staff went through to bring this forward to the board while making it equitable for all schools, how long will the equipment last, and most of our students do not have gym memberships so if not at school where would the go. Chief Operation Officer Karin Temple, Executive Director Paul Rosencrans and Assistant Superintendent Holland Locker were able to provide clarification. Member Jonasson Rosas made a motion to not move forward on Agenda Item A-5 The project to improve high school weight/fitness rooms, and authorize utilization of individual piggyback contract in 2017/18 and to invest the money elsewhere, seconded by Member De La Cerda, which carried a 4-3-0-0 roll call vote. AYES: Board Members: Davis, De La Cerda, Johnson, and Jonasson Rosas. NOES: Board Member Cazares, Mills and President Ashjian.

The scope of work will include:

1. Context Setting and Artifact Analysis
2. Preparation for Task Force Sessions
3. Facilitation of Task Force Sessions
4. Support to District Leadership

For the record, there were comments/questions regarding the scope of the contract, timelines regarding recommendations and/or a report, what will WestEd be doing for the district exactly, how soon will the district be able to act with WestEd’s recommendations, and will we be getting an update soon. Executive Director Wendy McCulley was able to provide clarification. Member Jonasson Rosas moved for approval, seconded by Member De La Cerda, which carried a 7-0-0-0 vote. AYES: Board Members: Cazares, Davis, De La Cerda, Johnson, Jonasson Rosas, Mills and Board President Ashjian.

I have done business with Todd Companies and Expo Party Rentals in my private capacity on other projects not involving Fresno Unified beginning at least five years prior to my election to this Board. I did not participate in making these contracts. Because of my relationship with these companies, I have a remote financial interest in these contracts and, therefore, I am abstaining from this vote pursuant to Board Bylaw 9270.”

Prior to the vote Board Member Jonasson Rosas read the following statement:
“Fresno EOC is the vendor for purchase order numbers 496588 and 495711 as stated in item A-11. I am employed by Fresno EOC, which is a nonprofit corporation. I did not participate in making these contracts. A public meeting to report the results is required prior to uploading the data and requires no formal action from the Board of Education.

- Parent Engagement (Priority 3)
- School Climate (Priority 6)

Presentation by Executive Director David Jansen and Staff

An opportunity was provided to hear questions/concerns from members of the Board and staff was available to respond.

For the record, comments/questions were made regarding where will the community engagement workshops be located at each site, is the state rubric as the base line set in stone or will it change, is this in conjunction with the state data dashboard, is this the dashboard that they rate districts on, the workshop for Fresno High School is that during winter break or when we just get back, in regards to our LCAP indicators are we tracking and accessing to see what is effective, are we tracking and evaluating on a school by school bases what works for one site may not work for
another, would like to see results for Math since that is our weak spot, teachers misassigned is less than one percent is that in a certain region, would like to see the indicator *Facilities Properly Maintained* to reach a hundred percent, is there an expectation from the state on each of the indicators, on presentations if we could see where we stand with the states expectations, who is surveyed regarding the basic services and conditions at school sites, does the implementation of Science and History curriculum align to our book adoption, how far behind is the district on ELD, do we have a plan in catch up, the numbers for school climate are really low, would like to see more information regarding Access to Instructional Materials, we might have the material but are the students using it, would like to see additional information on how we measure the changes with aligning ELD with ELA and what has been more useful, clarity on Basic Services and Conditions at School vs. Clean Safe and Operational specifically regarding facilities, and clarify on the indicator of Student Access to Instructional Materials being at one hundred percent. Executive Officer Danisi, Chief of Human Resources Idsvoog, Chief of Operations Temple, Executive Director Jansen and Instructional Superintendent Dutra were available to answer questions and provide clarification. Presentation by Chief of Staff David Chavez and Legal Counsel Jerome Behrens

An opportunity was provided to hear questions/concerns from members of the Board and staff was available to respond.

Kenneth R. Mackie – Where is the community involvement. Only two of the three members where present when bylaws where drafted. The suggested changes would give the board president more power. Is that what we want to do? Requested that the board not approve and wait to get community input.

Francine Farber – The suggested changes would alter relationship between the Superintendent and board and alter relationship between the Superintendent and staff. Items should not be approved this evening, items should be disaggregated and voted separately, there should be a workshop for the board and public so there is an understanding of what is really being requested, and would like to know in what were the bylaws that were out of sync with the Superintendents contract.

Mary Haskin – Ridiculous, outrageous, inappropriate you are taking away the Superintendent’s power. This item should not be approved.

Howard Watkins – Surprised to see no item that discussed the removal of an officer, several of the bylaws removes power from the Superintendent. The Superintendent should work with the board president to set the agenda and a board member should have the right to add an item to the agenda.

Jessica Mahoney – Agreed with changes for the reorganization of the board, not fair on the time limits, does not agree to the changes regarding unscheduled oral communication and lumping groups together and concerns regarding the Superintendent and his power to make decisions.

Hugo Morales – These changes remove of the power from the Superintendent. We should allow our Superintendent do the job that he was hired to do.

For the record, comments/questions were made regarding bringing bylaws into compliance with existing law, creating consistency among the bylaws, encouraged board members to consider a set rotation for president and clerk, if any of the requested changes were legally required, a statement that CSBA provides the district with suggested or mandated changes to bylaws, support for elected based appointments for president and clerk, a suggestion to get trained in board governance, a concern that we would be micro managing the Superintendent, concern that the changes would give the board to much authority, why are we voting on this tonight instead of just discussing, is there a reason for the expediency, what was the reasoning for the separate counsel on this item, the board has the right to change the bylaws, the amount of money spent on re-examing the bylaws, what kind of message does it send if we don’t trust the new Superintendent that we just hired, clarity as to why the subcommittee selected different counsel to review bylaws,. Legal Counsel Jerome Behrens and Mary Beth Degoede were available to answer questions and provide clarification. Member Davis motioned to deny the approval of the board bylaws with the exception
of administrative regulation 4117.5 Termination Agreements that reduces the buyout from 18 months to 12 months, it was seconded by Member De La Cerda, the motion passed on a roll call vote of 5-2-0-0 as follows: AYES: Board Members: Cazares, Davis, De La Cerda, Johnson, and Jonasson Rosas. NOES: Board Member Mills and Board President Ashjian.
