It is recommended the Board approve the purchase of new weight/fitness equipment for Bullard, Duncan, Edison, Fresno, Hoover, McLane, Roosevelt and Sunnyside High Schools. The projects will replace aging equipment to provide additional physical education (PE) opportunities for all girls and boys including students with disabilities, promote more effective conditioning, support healthy fitness habits, and foster increased athletic competitiveness. The recommended projects will include related facility improvements including flooring with school colors/logos. All high school Athletic Directors support the project and indicate that updated fitness/weight equipment is a high priority need on their campus and would have an immediate positive impact for a wide range of students. The Superintendent recommends approval. Fiscal impact: $1.4 million for fitness/weight equipment is available in the Unrestricted General Fund Reserve. Approximately $600,000 for facility improvements related to the new equipment is available in the Measure X Fund. Funding for other projects will be recommended in the future.
