A. CONSENT AGENDA – continued

Agenda Item A-13 calls for the ratification of change order #3 for Bid 20-30 for the Roosevelt High School cafeteria modernization. My residence is located within 500 feet of the southwest edge of the property comprising the Roosevelt High School site. Despite this proximity, ratifying change order #3 for Bid 20-30 will have no measurable financial impact on my property because this modernization project improves a cafeteria facility already in place as part of Roosevelt High School. Moreover, the impact of ratifying change order #3 to Bid 20-30 is indistinguishable from its effect on the majority of the residential properties within my trustee area that are part of Roosevelt High School’s attendance area. Notwithstanding the absence of any financial impact on my property, I am abstaining from the vote to ratify change order #3 for Bid 20-30 pursuant to Board Bylaw 9270 for the express purpose of avoiding the appearance of any conflict.

and cheer programs. I believe since sports teams are allowed to return to practices as early as the Purple and Red tiers, that arts programs should be allowed to practice in the same manner with respect to pod sizes, social distancing/mask-wearing, and other protocols.

2. Jeff Trussler
I write to you as a concerned parent and a concerned citizen of Fresno. The schools need to reopen. Waiting for an idealistic Orange Tier ranking, which has never happened in Fresno is a disservice to the students, parents and probably the teachers in FUSD. Back in the Fall when Fresno County was in the Red Tier, the school board never sent the students back to in-person learning. For some reason in-person learning was appropriate for many San Diego and Orange County schools, but not for Mr. Bonilla's teacher's union. A 71% vote by the teachers to return to school wasn't good enough for Mr. Bonilla. A perfect example of the tail wagging the dog. Today, Fresno has 28 positive COVID cases per 100,000 people. Fresno is a long way from getting out of the most restrictive Purple Tier in the Governor's color coded reopening plan, his 3rd set of guidelines since the pandemic hit. Is the school board adamant that the in-person learning cannot resume until the County hits the Orange Tier where the number of positive COVID case are less than 4 per 100,000? What science was used to lock into this magic Orange Tier? This Orange Tier is completely arbitrary. Four positive cases? Why not 5 or 6? Why not 12? The school board should find a way to get the students back to school. Be creative. Be forward thinking. Stagger the class times, space out, wear double masks and a face shield, set up tent outside (250-word limit reached).

in lower grade levels, one month is not enough; look for history books that emphasize different cultures in America, less European centered and more of ethnicities that are seen in our classes and neighborhoods. Requested district to focus on how to use social media for messaging. Commented on student friendly messaging. Shared how proud the Board is of the Student Voice Collaboration. Commented as the third largest district in California we should insist the State do a better job with textbooks of integrating the contributions of women and people of all races and cultures. Requested clarity as to next steps by staff to ensure the Board knows of follow through on items discussed. Superintendent Dr. Nelson, Chief of Equity and Access Lindsay Sanders, and Manager Brittany Waters were available to provide clarity.
